Q.1 Read the passage and answer the following questions:

(05)

The snail is very small. It has a hard shell and a soft body. It has one big foot.

The snail also has mucus. The mucus helps the snail slide on its big foot. The snail moves very slowly. The hard shell protects the soft body of the snail. The shell grows bigger as the snail gets older. The shell looks like a swirl.

The snail eats leaves. It eats moss and dirt, too. This can help the plants. It also helps the soil.

Snails make a tasty treat for other animals. Birds, bugs and toads eat snails.
